From

RAO BAHADUR M. SHAMA RAO, ESQ., M.A.,
Inspector-General of Education in Mysore.

To

P.G. D'Souza, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Departments of Education & Agriculture,
BANGALORE.

SIR,

With reference to your letter No.6554/Edn.42-15-58 dated the 13th May 1916 asking for full information as to the progress made with reference to all the orders issued by Government on the subject of the Compulsory Education Scheme, I have the honour to give the information called for.

As soon as an area is notified in the Gazette, a census is taken of all the boys between the ages of 7 and 11 in the - - area, with such particulars regarding their habitation etc., as are necessary to identify them. A School Attendance Committee consisting of a number of interested gentlemen of the place is appointed for the area and their powers and duties are defined in Government Order No.393/Edn.334-13-6 dated 8th July 1914. The first duty of this Committee is to investigate the existing conditions of primary education in the locality and collect information as regards sanitation, accommodation, staff and equipment of each of these existing schools. From the census figures the number of boys of compulsory ages who are not attending any - - school is determined and as many as the existing schools can admit are asked to join one or other of them. For the rest who cannot find accommodation in any of these, new schools with one

or more teachers according to the immediate needs of the locality are recommended by the Committee and are sanctioned by me. No new school is sanctioned unless it is found absolutely necessary and generally a new school is started with only a single teacher. As far as possible, properly qualified teachers are appointed for the new schools. There are at present 27 such schools with an attendance of nearly 2,300 boys.

With regard to the further extension of the scheme, for the year 1916-17 and the provision required, I have addressed Government already on the subject, vide this office No.23458/1010 of the 18th May 1916.

The attempt to open new aided schools has not been as successful as it could be wished. As however, the idea becomes more and more acceptable and the people begin to realize their responsibility regarding the education and training of the younger generation, it may be hoped that more aided schools will come into existence. Till now only one private school at Chikballapur has been given a grant under Government Order No.3627-30/Edn.57-14-5 dated 30th March 1915.

For further particulars regarding each of the 27 centres now under the Regulation, I beg to refer you to the statement accompanying my letter No.23458/1010 dated the 10th May 1916, a copy of which is enclosed for ready reference.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector General.
